7.1.1 - Measures initiated by the Institution for the promotion of gender equity

I. Green Campus Initiatives

PVKN Government College considers it essential to implement green concepts on campus. We believe in combining education with environmentally friendly practices to promote sustainable development. The campus, spanning 54 acres, is spacious, quiet, clean, and green, providing a serene atmosphere ideal for education. It is a fully self-contained campus that offers everything students might need. While implementing green initiatives can be challenging and requires dedication and a long-term commitment, our college is actively moving in the right direction. The following practices are currently being undertaken by the college.
